Page:- 3 of 6

First Aid - Skin	Wash skin with soap and water. Remove contaminated clothing and wash before reuse.
First Aid - Ingestion	Wash mouth out with water. Do not induce vomiting. If ingested drink 1 - 3 glasses of water. Seek medical attention if patient continues to feel unwell.
First Aid - Inhalation	Not applicable.

5 FIRE FIGHTING MEASURES

Extinguishing Media	Product is not combustible due to its high water content. In severe fires, use water mist, alcohol resistant foam, dry powder or carbon dioxide extinguishers.
Unsuitable Extinguishing Media	None.
Special Hazards of Product	This product especially the packaging may give rise to hazardous fumes in a severe fire.
Protective Equipment for Fire Fighting	No special requirements other than standard full protective clothing and self-contained breathing apparatus.

6 ACCIDENTAL RELEASE MEASURES

Personal Precautions	Spillages will create slippery underfoot conditions.
Environmental Precautions	Avoid large spillages.
Spillages	Small spillages should be flushed away to drain. Large spillages should be contained and disposed via landfill.

7 HANDLING AND STORAGE

Handling	No special precautions required. Avoid spillages as these will cause slippery underfoot conditions.
Storage	Store inside in a clean environment to avoid microbial contamination. Avoid extremes of temperature.

Conditions to Avoid	None.
Material to Avoid	None.
Hazardous Decomposition Products	Ultimate combustion will generate oxides of carbon, smoke and irritating fumes.

11 TOXICOLOGICAL INFORMATION

Acute Toxicity	No studies undertaken, but acute toxicity is expected to be low.
Irritancy - Eyes	No studies undertaken, but eye irritation is expected due to physical scrub particles within the formulation.
Irritancy - Skin	Human patch test results indicate that the product is not a skin irritant.
Skin Sensitisation	Human patch test results indicate that the product is not a skin sensitiser.

12 ECOLOGICAL INFORMATION

Mobility	The product is relatively free flowing and will dilute in water.
Persistence / Degradation	No studies undertaken, but the product is expected to degrade.
Bio-accumulation	No studies undertaken, but the product is not expected to bio accumulate.
Ecotoxicity	No studies undertaken, but the product is expected to be practically non-toxic to aquatic species.
WGK Water Hazard Classification	None, to be confirmed.

13 DISPOSAL CONSIDERATIONS

Product Disposal	Landfill or incineration as appropriate in accordance with all applicable local and national regulations.
Container Disposal	Landfill or incineration as appropriate in accordance with all applicable local and national regulations.
